## EXPERIENCE

### University of Rhode Island

Undergraduate Teaching Assistant

September 2023 - Present

Kingston, RI, USA

- Assisting Professor Shaun Wallace in URI's CSC412 **Operating Systems and Networks** course of 30 students
- Assisting in grading by performing **C/C++/Bash code reviews**, and **reviewing technical design documents**
- Helping students during labs, and scheduling and maintaining daily office hours to aid in understanding general concepts of underlying operating systems, computer networks, and C/C++/Bash

### Fidelity Investments

Software Engineer Intern

June 2023 - August 2023

Merrimack, NH, USA

- Engineered **Microsoft Azure automated role assignment pipeline** using **Jenkins Core**, **groovy**, and **Azure Powershell** on the Cloud and Platform Engineering Azure Security Service and Enablement team to provide a more robust and automated pipeline for multiple teams of Azure Cloud Engineers
- Documented several Azure services and Jenkins Core pipeline project including secure company-standard configuration guides, such as **secure storage, network, and encryption key configurations on company-wide tech confluence page**

## PROJECTS

### Bathroom Spaces

Full-stack Web Developer

April 2023 - October 2023

[github.com/bluelisandro/bathroom-spaces](https://github.com/bluelisandro/bathroom-spaces)

- Developed website that displays restroom locations on URI campus, including Google Maps location, searching and filtering
- Engineered from scratch using **React** and **Typescript** front-end, and **Node**, **Express**, **MongoDB REST API** server back-end, with **Azure App Service**, **Docker**, Github Actions **CI/CD**

## LEADERSHIP AND INVOLVEMENT

### Society of Latinx in Computing

President

January 2022 - Present

- Lead URI's computer science interest club with a focus on creating community for connecting and career advice for latinx students
